Our instructors have been teaching Karate to the kids at Khalsa for more than 15 years. This is a program that has trained kids from white belt all the way to black belt. The Karate Kids in our program are treated as individuals and no child will be treated as a bench sitter. Your child's personal progress is as important to us as it is to you. We will do everything possible to make sure your child participates in the program.

Our courses are safe and specialized, designed exclusively for children. Our goal is to teach basics such as courtesy, respect, discipline and motor skills in fun and exciting ways, enabling our children to gain control of their bodies and help them build a positive self-image. We do not teach them to fight or to become bullies.

If you would like to observe a class or take a free trial class at one of our full-time facilities, please feel free to call and mention that you are a Khalsa School student and they will gladly invite you to participate or just watch a class. A few of the 11 locations are listed below:
