

6/30/20

Hello Khalsa families,

In light of Governor Ducey's announcement yesterday and the delay of the first day of school, we feel it is relevant to provide information regarding the final session of summer. The Toddler, Primary and Elementary Orientation are all managed by the Arizona Department of Health Services. Because of this agency, the Summer Program will move forward with Session 4. Khalsa feels confident in the safety procedures and parameters that have been outlined, emailed to you, and can be found on the website. We trust in our staff and families to hold diligently to [The Promise](#) and that with each one of us doing our part we can do this!

Khalsa is eager to return to school and provide an opportunity for our students to spend time with their peers and resume their learning. Although this session will be short, students who participate will find normalcy and joy as we return to the spaces that we all know so well! Khalsa fully understands the decisions and choices that each one of us is making at this time. If you feel that it is not in your students' best interest to participate in the final session of the Summer Program, please respond to this email.

Kind regards,

A handwritten signature in blue ink, which appears to read "Karen Paxton". The signature is fluid and cursive.

Karen Paxton, School Director
