

Subject: KMS Community Update 3-26-21

Dear Khalsa Community,

The sound of joyful voices and active students was a pleasure to hear when we returned to school after Spring Break. Khalsa faculty and staff savored the break and have rolled up their sleeves to continue teaching in a pandemic. It is has been challenging this year for all of us.

On the MCDPH webinar yesterday, the zip code for Khalsa Montessori School had a positive rate in yellow between 5%-7.9% for school benchmarks.

(<https://www.maricopa.gov/5594/School-Metrics>) This is exciting news for the Khalsa community. We will pause and wait for some more time to pass. We are exploring options for alternative events for Upper Elementary and Middle School students and the transition shadowing for new to level students in late April and May.

Enjoy the beautiful spring weather and remember why we are blessed to live here!

Sincerely,

Karen Paxton
School Director
