

KMS Community Update 4-30-21

Dear Khalsa Community,

The Maricopa County Public Health Department affirmed their previous recommendation regarding masks for children 2 years old and up in an educational setting. Mask wearing, hand hygiene, and cleaning protocols are key mitigation strategies that Khalsa Montessori School has and will continue to follow in the Spring Operating Plan. The Summer Operating Plan is currently under review as the CDC is updating its recommendations. Our first priority is the safety of the students and faculty.

Every May Khalsa Montessori School's teachers meet with families regarding the progress of their students. This is an important ingredient in the partnership between school, family, and student. This conference includes a written progress report that provides families a picture of their students' yearly progress through the Montessori curriculum. We will continue our zoom system of meeting virtually this year and look forward to in-person meetings next year.

The weather is beautiful and the flowers are blooming. Please enjoy the weekend.

Sincerely,

A handwritten signature in blue ink, which appears to read "Karen Paxton". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
