

Dear Parents,

Your ongoing support as parents of Khalsa is invaluable to us. Your active involvement is crucial to our ability to provide the best for your child. Below is a list of supplies that will be utilized throughout the school year:

- We would like to ask that all supplies be provided before or on the first day of school.

If you have any questions or if providing these supplies poses a financial challenge, please don't hesitate to contact me.

- Also, when shopping for classroom supplies, please accompany your child and avoid labeling the items with their name. The supplies are intended for communal use, promoting student sharing and cooperation.
